

New Aqua lounger

- Size 1 - 822040
- Size 2 - 822041
- Size 3 - 822042

- **Independently adjustable back and seat**
- **Height adjustment of the base**

The New Aqua child bath lounger is ideal for bathing disabled and hypotonic children. It simply sits on the bottom of the bathtub and raises the child either 8.5 cm or 20 cm from the bottom of the bathtub.

The backrest and seat can be adjusted independently to put the child in a 90° sitting position or in a fully reclined position.

Ultra soft covering for sensitive skin. The bath lounger comes with 2 chest safety belts, 2 leg straps and a height and width adjustable headrest.

Overall dimensions: width 42 x depth 61 cm. Seat dimensions: width 41 x depth 30 x height 8.5 or 20 cm. Back height 45 cm.

Weight 7 kg.

Maximum height of the child : 90 cm

Maximum weight of the child 30 kg.

To raise the lounger in the bathtub, there is the New Aqua bathtub riser ref. 822033.

To use the lounger high up in a flat-bottomed shower, there is the shower riser ref. 822034.
