

New Aqua lounger

- Size 1 - 822040

- Size 2 - 822041

(On restock - Available from 29/04/2026)

- Size 3 - 822042

- **Independently adjustable back and seat**
- **Height adjustment of the base**

The New Aqua lounger is ideal for bathing children with disabilities and muscle hypotonia. It simply fits on the bottom of the bathtub and raises the child either 8.5 cm or 20 cm above the bottom of the tub.

The backrest and seat are independently adjustable to place the child in a seated position at 90° or completely reclined. Extremely soft skin-friendly cover. The bath seat comes with 1 or 2 chest safety belts depending on size, two leg loops and a headrest that is adjustable in height and width.

Seat : Width 41 x depth 30 x height 8.5 cm

(size 1) : Width 41 x depth 35 x height 8.5 cm (size 2) :

Width 41 x depth 41 x height 8.5 cm (size 3)

Backrest height : 45 cm. (size 1), 62 cm (size 2), 80 cm (size 3)

Maximum size and weight :

90 cm / 30 kg (size 1)

130 cm / 60 kg (size 2)

170 cm / 80 kg (size 3)

Weight : 7 kg.

This option can be used to raise the bath lounger in the bathtub.

This option allows individuals to use the chair at the correct height in a flat-bottomed shower.
