

Bed access bar

- White - 815014

- Chromed - 815084

- **Adaptable to single or double beds**

Bed barrier to prevent bedridden people from falling out during the night. It also makes it easier to get in and out of bed. Our bed barrier is simply placed between the mattress and the bed base and does not require any additional fastenings. It is adjustable in distance and can be adapted to single or double beds. White epoxy chrome steel.
