Foam protection for bed rails

- Double - 823018
- Simple - 823009
- Headboard - 823074

- **Prevents contact with metal bed rails**
- **Padded and washable protection**
- **Fits all existing bed rails**
- **Sold individually**

This padded protection is placed on medical bed barriers to protect patients at night. It keeps users safe by closing the gaps between the bars. Bacteriostatic cover, M1 fire-rated, washable at 90°, ventilated and sanitizable.

3 models available :

SIMPLE protection with one padded side attached with 3 straps and buckles on the outside. Foam filling. Dimensions : Length 130 x height 35 x depth 2 cm.
Colour : light blue.

DOUBLE protection that surrounds both sides of the barrier and attaches with 4 buckles. Extra length. Spiral polyester fibre filling.
Dimensions : Length 185 x width 72 x thickness 4 cm.
Colour : light blue.

HEADBOARD protection : dimensions: 90 x 35 x 2 cm.
