

Java bath board

- Java - 812176
- Java Plus - 812274
- Turntable - 812275

- **Handle made of non-slip material**
- **Java Plus model : The length of 75 cm fits most bathtubs**
- **Make going out even easier with the turntable**

This [Java bath board](#) is ideal for bathing or showering comfortably seated at the edge of the bath. It allows elderly or disabled people to continue using their bathtub.

Simply press the 4 rubberised pads against the sides of the bath to ensure safe use. They are equipped with a soap dish and a practical handle made of soft material to help you get into the bath.

Model Java

Dimensions : Length 70 x Width 26/30 cm.
Internal adjustment of the supports 40.5 à 65 cm.

Model Java Plus

Suitable for any bathtub with an internal width of 45.5 to 68 cm.
Dimensions: Length 75,5 x width 26,5/35 x thickness 4 cm.

The optional turntable fits both sizes (except for java models purchased before 2024) and makes getting in and out of the bath even easier. Diameter 31,5 cm.

Maximum weight allowed 113 kg.

Variantes :
