Rechargeable water mist sprayer

- 819062
(On restock - Available from 03/12/2026)

- **Refreshes in any situation with tap water**
- **Fill with tap water**
- **Pump to generate pressure**

The mist sprayer keeps individuals cool in any situation. It effectively regulates the temperature for elderly people without the need to purchase industrial mist sprayers. It is environmentally friendly, can be filled with tap water, and with a simple pump action, transforms it into a refreshing mist. It operates using pressure, without environmentally harmful gases or batteries.

Capacity : 15 cl.
