Ergonomic handle

- 813149

This ergonomic handle has been specially designed and developed for people with gripping difficulties. It can be fitted to a knife, fork, toothbrush, etc. Its two screw-on half shells ensure that the object remains securely in place, whether inserted horizontally or vertically. The screw system ensures correct positioning regardless of the size of the original handle. Dishwasher safe.

Weight : 35 g.

Length : 9.5 cm.
