## Sarneige jump mat

- 552009
*( Disponible sous 30 jours)*

- **One side firm and one side soft**
- **Extra thick : 7 cm**

A shock-absorbing mat with one firm side and one soft side, 7 cm thick.
This mat is ideal for safely padding floors. It combines shock-absorbing polyurethane foam and stabilising polyethylene foam. A hook-and-loop strip around the entire edge allows it to be attached to other mats to form a safe play area. Practical carrying handles. Grey side for firmness, bleu side for softness.
Very soft cover, fire rated M2, waterproof and washable.

Dimensions : Length 200 x width 100 x thickness 7 cm.
