

Vario suction cup bar

- **The new generation of suction cup bars**
- **Adjustable in length**
- **Suction pads with adjustable spacing**

Our Vario suction cup bar is ultra-resistant thanks to its new suction cup clamping technology. To secure the bar, simply rotate the suction cup holder until it clicks into place, ensuring that it locks in place. Our bar is composed of 2 holders that can slide on the hand holder to adjust the distance between them, ideal to avoid falling on a tile joint. The handrail is fitted with a durable non-slip rubber for safety and ease of use.

Diameter of the suction cups 9.5 cm. Total length 41 cm. Centre distance adjustable from 20 to 35 cm. Maximum length of the hand rest: 29.5 cm.

Grey-white colour.
