

Reusable protective bed sheet

- 801024

This reusable protective bed sheet is made of a fabric composed of 4 layers specially developed for their absorption and resistance to washing. The water-repellent polyester fibres absorb liquids while keeping the patient dry. This bed sheet avoids the need to change the bedding completely. OEKO Tex standard. Wash at 60°.

Dimensions: 85 x 75cm.

Also available to protect the seat of an armchair in dimensions 45 x 45 cm.
