- **Height adjustable in 11 different positions**
- **Built-in shock absorber**

Our Ergo Dynamic crutch features many technical advances. First, its self-supporting high-tech aluminium tubes give it optimal rigidity and reduced weight. The unique and patented Ergo Dynamic model has an integrated shock absorber. It is equipped with palm and antecruchial supports like the Opti Confort.

Its unique adjustability makes it suitable for all users: the handle is height adjustable from 71.5 to 98 cm in 11 settings. They are equipped with an anti-ejection adjustment system. Hammered finish aluminium. Anti-noise operation. Articulated base with anti-perforation device and damping effect. High quality French manufacture. Intelligent dynamic and articulated end cap.

Ultra-light structure: only 600 gr per crutch!

Maximum authorised weight max 130 kg.
