

Vegelya flexible pillow for travelling

- 855100

Discover our Vegelya articulated travel cushion, ideal for wedging your neck in the most difficult places. The exceptional support of our unique foam helps you to rest comfortably and painlessly. You will be able to give it all possible shapes thanks to its internal "spine".

Our comfort range provides you with exceptional comfort thanks to top-of-the-range components. The Végélyya foam used is a visco-elastic memory foam of very high resilience enriched with activated bamboo carbon.

The benefits of memory foam :

It allows you to float in the pillow or cushion by faithfully following the shape of your body. This high resilience foam gives you exceptional comfort by avoiding pressure points on your skin, while allowing air to circulate to keep it fresh.

The benefits of activated bamboo charcoal :

Bamboo has recognised temperature-regulating properties, it helps to limit overheating and absorb moisture from your foam. The activated carbon prevents bacteria and dust mites from settling inside your cushion.

Cover in thick velvet. Anthracite colour

Machine washable at 40°.

Length 70 cm x diameter 10 cm.
