

Aston shower / toilet chair

- **Multi-purpose toilet/shower use**
- **Anti-corrosion painted aluminium structure**
- **Soft and comfortable seat, backrest and armrests**

Our Aston shower and toilet chair brings functioning, comfort and quality to your patient's shower. It can be used in both shower and toilet versions thanks to its equipment. It has all the advances in terms of manoeuvrability and comfort: 4 multidirectional wheels with brakes, flexible and easily pull-down armrests, a double reclinable footrest that can be retracted, removed and adjusted in height, a flexible seat with removable interior for toilet use. The seat and backrest are made of high density foam, that retains its shape, waterproof and that can be sanitised. The large capacity bucket (5 litres) with lid is removable from the back. The backrest part is removable for easy transport.

Anti-corrosion painted aluminium structure.
