

24 hour clock

- 817171

- **Precise visualisation of the different times of the day**

Our 24-hour clock has been designed for people who are disoriented and allows them to find their way through time more easily. They can visualise, thanks to simple designs, studied colours and a single large hand at what time they are in the day.

Powered by 1 LR6 battery (not included). Contour silver colour

Diameter 30 cm. Weight 600 g.
