

## 24 Hour clock

- Accurate display of different times of the day

This 24-hour clock has been designed for people who are confused and helps them keep track of time with ease. Simple designs, carefully chosen colours and a single large hand enable them to see what time of day it is at a glance.

Powered by 1 LR6 battery (not included).  
Silver frame

Diameter : 30 cm.  
Weight : 600 g.
