

## **Small pocket magnifying glass**

A small illuminated magnifying glass with a slide mechanism, very practical to keep in the pocket so it is always at hand. Retractable magnifying glass in the handle for protection and easy storage. Reading made comfortable with a 3.5 lumen LED.

Operates with 2 AAA batteries (included).

Magnifying glass  $5.1 \times 5.1 \text{ cm}$  with  $2 \times 2 \times 10^{-5} \text{ magnification}$  + bifocal  $6 \times 2 \times 10^{-5} \text{ magnification}$ .
