

Serpentine walking track

- 405060

- Can be stacked for easy storage

A colourful balance and walking course that contrasts clearly with the ground. It can be used to create straight pathways, circular pathways or pathways with turns. The modules are very safe due to their non-slip top and bottom surfaces. The course comprises 10 modules to be assembled.

Dimensions of one module : Length 35 x width 9.5 x height 4.5 cm.
