

## Dulceo inflatable bath lift

- 822183

- **Gentle and natural elevation**

The Dulceo inflatable bath lift works by air pressure and inflating cushions to raise and lower the seat. The inflatable seat and backrest guarantee a high level of comfort and safety thanks to the softness of the cushions. The seat and backrest are operated by remote control. Supplied with a low-pressure compressor that remains outside the bath, without submerged electric cable. Safety system letting you get up one last time in all cases. Gentle and natural rising.

The bottom of the bath must be smooth to ensure a good adhesion of the suction cups.

Variable height from 2 to 40 cm. Backrest height 33 cm. Inflatable seat 58 x 44 cm.

Warranty 3 years except on battery (6 months).

Resistance 150 kg
