

Primo toilet raiser with folding armrests

- 811129

- **Folding armrests**

The Primo backrest has two lifting armrests. When raised, they allow a user to be transferred easily sideways, and when lowered, they provide support to help a user stand up from the toilet.

The seat riser is anatomically shaped and tilted forward for extra comfort. It is securely fixed in place with rear fixing brackets and a clamping mechanism at the front.

High-density polyethylene and aluminium structure.

Raises a toilet seat by 12.5 cm.

Overall dimensions : width 50 x depth 45 x height 25 cm

Central recess : width 19 cm x depth 24 cm

Maximum user weight : 130 kg
