Securiseat

- 825014

The Securiseat is a safety device for the exclusive use of disabled persons who are at risk of inappropriate behaviour during transport. Prevents seat belts from being accidentally unfastened. Once the Securiseat is locked, the seat belt cannot be removed except with the keys provided or a car key.

The kit consists of :

1 buckle cover
3 unlocking keys
2 reducers
1 user manual

Date d'impression : 31/10/2026
