

Bloc-Soft Precision Clamp 65 cm

- **Gripper with lock in closed position**
- **Video presentation available below**
- **Lifetime warranty**

The Bloc-soft gripper gives you the precision and comfort you need to pick up objects far from your chair. It has an ultra comfortable gel handle, a very precise rubber grip, even for gripping small parts, and is extremely light. Its locking system in the closed position allows you to stop squeezing the handle once you have gripped the object. The clamp can be adjusted to a horizontal or vertical position. Locking in closed position
