Flaxseed heating pads

- Neck cushion - 835176

- **The analgesic benefits of linen associated with heat**
- **Easy heating in the microwave**
- ☐☐ **Only neck cushion available**

The heating pads are filled with flax seeds. Flax is a natural pain reliever and has been used in pain-relieving hot packs for centuries. The seeds store the heat from the microwave and release it slowly for long-lasting comfort.
The heat is relaxing and soothes minor muscle aches and tensions throughout the day.

Microwave heating only.
Filled with 100% flax seeds and covered with 100% ultra-soft microfibre polyester.
Colour : yellow.

2 models available:
