

Ergonomic bed table

- 823069

- **A very pleasant shape for eating and writing**

Our ergonomic bed table is designed for use in a wheelchair thanks to its adjustable width. Very well equipped, it has 3 edges and 4 multidirectional wheels with brakes. It is also adjustable in height. It supports a static load of 5 kg. Steel frame and melamine top in pear wood finish. A very pleasant shape for eating and writing.

Internal width of legs adjustable from 90 to 110 cm.
Table top dimensions: width 100 x depth 48 x height 71 to 91 cm.
