Ergo Easy folding ramp

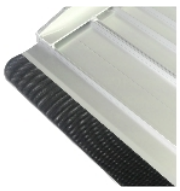

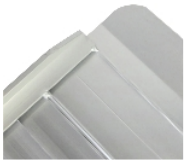

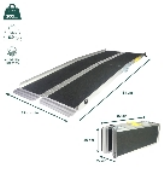

- 825049

- **A single safe path**
- **Can be separated into two parts and folded for easy transport**
- **Suitable for all wheelchairs**

The Ergo Easy folding acces.ramp is ideal for people with reduced mobility. It is made up of two parts that are joined together but not fixed permanently. When the two parts are joined, the useful passage width is 72 cm, but they can be separated to obtain a larger width.
After use, the two parts fold in half so that they can be carried one in each hand and easily stored in the car boot.
Reinforced aluminum structure.

Dimensions when in use : Length 183 cm x width 72 cm min.
Dimensions when folded : Length 92 cm x width 40 cm x thickness 27 cm.

Total weight : 16.9 kg (8.4 kg per element).

Maximum load capacity : 300 kg.

Date d'impression : 31/10/2026
