- **Transfer sheet for moving, straightening and transferring patients effortlessly**
- **Avoids friction on the skin**
- **French manufacture**

Our ultra-slip sheets, made in France, allow caregivers to move, straighten and transfer a bedridden patient very easily without having to lift him/her. Cylindrical in shape, the movement is done by sliding between the 2 sheets of the sheet. The movement is linear and painless for the patients. It facilitates the work of the caregivers. Also used to facilitate the transfer on board.

Composition 15% silicone and 85% polyamide, blue colour. Washable at 60°C or decontaminated with a spray.

7 sizes available:
