- **Multifunctional positioning cushion: abdomen, hip, head or knee**
- **Material from the latest innovations**
- **Standard size or set of 2 small sizes**

The PositPro cushions feature Technigel fibre, which provides exceptional comfort for patients. It exceeds the comfort performance of current polyester fibres, is lighter and, above all, has a memory effect. It allows for optimal positioning to relieve pressure points.
They come with a removable Steritex cover, made from the most resistant polyurethane on the market. Innovative, ventilated and waterproof coating on a bi-elastic knitted base. Ideal for decontamination in communal areas and suitable for the most stringent requirements in environments with a risk of contamination. Its resistance to maintenance makes Steritex a product that is highly appreciated by hygiene services. Washable at 95°C. Resistant to chlorine and autoclaving.

Very soft and comfortable to the touch. 100% cotton fibre cover.

Multifunctional rectangular cushion. Supports and positions the abdomen in a 30° lateral decubitus position. Relieves pressure on the heels in a 30° supine position. Relieves pressure on the head when used as a pillow. Can be used for knee and hip abduction.

Available in 2 colours : aubergine and grey
