Free open jar opener

- 817017

(On restock - Available from 03/12/2026)

- **One tool for all types of jars**
- **Removable non-slip cones that double as bottle openers**

Suitable for people with arthritis or difficulty gripping, this jar opener simply rests on the worktop and allows one-handed opening of jars and jam pots. It consists of three cones of different sizes, allowing it for use with bottles and jars of various diameters. These cones are lined with non-slip material to prevent them from turning when opened. Can be combined with the Dycem jar opener.

Dimensions : Length 24 x width 15 x height 8.5 cm.
