

Positpro cervical cushion

- Aubergine - 829086.A

- Taupe colour - 829086

- **Positioning cushion that supports the neck and cervical vertebrae**
- **Material resulting from the latest innovations: technigel fibre and Steritex® wrap.**

Our PositPro cushions benefit from the technigel fibre, which gives unequalled comfort for the patient. It surpasses the comfort performance of current polyester fibres, is lighter and, above all, has a memory effect. It provides optimal cushioning to relieve pressure on the support points. They are fitted with the Steritex removable cover, the most resistant polyurethane on the market. Innovative, breathable and waterproof coating on a bi-elastic knitted base. Ideal for decontamination in the community and adapted to the most stringent requirements in environments at risk of contamination. Its resistance to maintenance makes Steritex a product that is highly appreciated by hygiene services. Washable at 95°C. Resistant to chlorine and autoclave.

Very soft and comfortable to the touch. Underlining wrap for the 100% cotton fibre.

Dimensions: 57 x 23 cm

Variantes :

- Aubergine
- Taupe colour
