Ergo Easy reinforced folding ramps

- 244 cm - 825017

- 304 cm - 825018

- **Ideal for vehicle access**
- **Comes in two parts that can be joined together**
- **Each part can be folded for transport**

The Ergo Easy access ramps are a removable and foldable ramp in two parts, allowing user's with disabilities to mount steps and access vehicles. They are easy to transport in two parts and it is possible to join these parts to form a single ramp when they are used. The connection is achieved using a reinforced latch. Its foldable structure is also reinforced to prevent back spring during use.
Reinforced aluminum structure with non-slip surface.

Useful passage width : 76 cm.
Total width : 78 cm.
