

Toilet riser seat

- 811072

- **Get up gently**

Suitable for elderly people who have great difficulty getting up, our toilet seat gently lifts the user. The seat is fitted with a jack that simply needs to be pre-adjusted to the user's weight.

When the user sits down, the seat gently flattens. When the user wants to get up, the seat gently lifts up, taking approximately 60% of the effort. Height-adjustable epoxy steel frame to fit most users. Removable high-density polypropylene seat for easy cleaning. The smooth, powerful actuator is suitable for people weighing between 35 and 105 kg.

Overall dimensions: width 50 x depth 47.5 x height. 47 to 62 cm.

Weight 13 kg.

Maximum authorised weight 105 kg.
