## Raffin non-woven elastic adhesive tape

Widely used in post-operative care. Ideal for securing dressings to the skin or as a covering dressing over compresses. Grid-patterned protective paper for easy cutting, and split lengthwise for easy application. Stretchable lengthwise and widthwise : conforms to the body and follows movements for a better fit. Permeable to air and water vapour: limits the risk of maceration and allows the skin to breathe.

Spunbonded non-woven fabric + hot melt adhesive.
1 roll in a box
Non-sterile.
