- **Electric tilting and lifting**
- **Ideal for intensive use in communities**
- **Presentation and user video available**

The Ergotip shower chair is ideal for intensive use in caring homes. The patient is positioned at the height of the carer thanks to its height adjustment. Its tilting system allows the patient to be secured in a comfortable, zero gravity position. The ErgoTip chair is available in 3 seat widths to suit most body sizes. For each size you can choose between a standard seat with a recess hole or a seat with a U-shaped cut-out. Base with 4 castors with brakes. Rear tilt 35° and front tilt -5°.
