

Neo Dynamic Rollator

- 826003

- **Versatile rollator: for indoor and outdoor use**
- **Small footprint and tray for indoor use**
- **Large wheels and basket for outdoor use**

Our Neo Dynamic rollator allows you to move around safely both indoors and outdoors. Thanks to its small size, it can easily pass through doors, and its tray allows the rollator to be used as a side table. Its large 20 cm wheels are also ideal for outdoor use. Delivered with tray and removable basket. Foldable aluminium frame. Full-length brake.

Overall dimensions: width 56.8 x depth 75 x height 86 to 97 cm.

Handle width 50 cm.
