- Pack - 11 - 801080.11

- **For light to moderate incontinence**

Canopy Light 0 to 4 for light to moderate incontinence. Unique protection thanks to very soft barriers along the entire length of the pad. Easy to take along discreetly and hygienically thanks to its individual bag. Can be fixed by using the adhesive strip on the back of the cover.

Air Plus Canopy 7 to 11 for moderate to heavy incontinence. Must always be used together with a support undergarment (Abri-Fix).
