

Dycem 20 cm non-slip roll

- Prevents plates and glasses from sliding off the table.
- Secures supports or certain utensils
- Video presentation available below

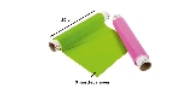

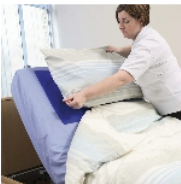

Dycem non-slip material is extremely versatile: it prevents plates and glasses from sliding off/on tables, secures supports and various utensils on furniture, etc. This very thin material comes in rolls and can be cut to size as required, depending on the application. The 20 cm cut width is particularly suitable for securing small objects or for securing grips (walking stick handles, etc.).

Dimensions : Length 200 x width 20 cm.
Thickness : 6 mm.
