

Thyia 3 flush toilet seat

- 811174

- For better hygiene during toilet use
- Ideal for people with reduced mobility
- Functions like a Japanese toilet

For better hygiene on the toilet

Ideal for people with reduced mobility

Works like a Japanese toilet The Thyia 3 is a toilet seat with a warm water wash, heated seat and warm air drying. Two retractable spray nozzles for washing with warm water (4 temperature settings), one at the front (for women) and one at the rear (for men/women). For added comfort, the water pressure is adjustable and the seat is heated (4 temperature settings). Soft-close seat and lid. The easy-to-use remote control is installed on the right-hand side of the seat.

Installation kit included. Requires installation of a power outlet by a professional in accordance with current standards.

Can be used on all standard toilets with a maximum width of 415 mm and a maximum depth of 520 mm.

Power 1600W.

Weight : 5kg

Maximum user weight : 150 kg

2-year warranty.
