- **Compact electric chair available with 1 or 2 Okin motors**
- **Sleek design to match any interior**
- **New intuitive remote control**

The Mint electric lift chair helps you to relax and assists you when you want to get up. It is available with 1 or 2 motors. The 2-motor version allows a move of the backrest independently of the legrest, for a customised positioning. You can also go from a relaxed to a more reclined position. Seat in PU density D28, armrests and footrest D22 and backrest in hollow polyester fibre.

3 upholstery options: grey fabric, chocolate brown imitation leather (waterproof) or taupe microfiber.
Choice of 1 or 2 engine models.
