- **Revolutionary one-handed unfolding system**
- **Easy and effortless folding**

The Ta-Da Chair walking stick will accompany the user on their daily excursions. It allows them to take breaks easily and often, due to its simple and effortless handling (a simple rotation of the upper ring is all it takes to transform it into a seat). With its unique design, the seat can be adjusted to suit the angle of the user's body for exceptional seating comfort. In the walking stick position, the center of gravity is very high, which makes it easy to walk. Soft and ergonomic seat. Black colour.
