

MySleeve comfortable, magnetic handle for crutches

- Turn classic crutches into comfortable crutches
- Equipped with magnets, ideal for keeping them upright
- Extra-comfortable silicone pads

MySleeve handles can be attached to any crutches to make them more comfortable and functional. They feature non-slip silicone pads for improved comfort. The magnetic tip allows users to attach them together, pick up one crutch with another, retrieve metal objects that have fallen on the ground, and more. Once attached, the canes stand in an upright position on their own against a wall. Very easy to clean material.

Sold in pairs, in packaging suitable for display with instructions in French.

Color : black

Weight : Only 140 g.
