

Klip rollator

- Lightweight, folding, aluminum frame
- High-quality wheels
- Model with or without seat

Upon receiving our latest delivery, we noticed that although technically perfect, there were some very slight potential scratches on the paintwork. As a result, we have decided to offer you a 17% discount on all products and options (discount already applied).

The Klip rollator is a very safe and stable rollator for children and teenagers with poor balance. Rear walking position with clearance at the front. Height-adjustable frame that folds flat for storage. It is equipped with multi-directional wheels with brakes at the front and two fixed wheels with an anti-roll back mechanism at the rear. Lightweight aluminum frame.
