

Evolution 2-wheel rollator

- **With comfort seat and backrest**
- **Only 3.6 kg!**

A nice evolution of the 2-wheel rollator thanks to its worked structure and its padded backrest. It is equipped with skids at the back allowing it to slide for a more fluid walk. Height adjustable handles. Robust structure in ultra-light aluminium.

Overall dimensions: width 60 x depth 59 x height 86/94 cm.
Seat dimensions width 35 x depth 28 x height 54 cm
Weight 3,6 kg.

Resistance 136 kg
