Neo Light folding rollator

- M - 826027.M

- **Very compact due to its 2 simultaneous folding mecanisms**

The Neo Light rollator has a stable and rigid structure.
Its unique design enables it to be folded widthwise and depthwise by simply lifting the seat and bringing the rear wheels closer to the front wheels, which saves a significant amount of space.
Equipped with a folding walking stick, easy handle adjustment and a bottle holder.

Available in 2 sizes : M or L:
