

Neo Light folding rollator

- M - 826027.M

- L - 826027.L

- **Very compact thanks to its 2 simultaneous folds**

The Neo Light rollator has a stable and rigid structure. Its unique design allows it to be folded in width, but also in depth, by simply raising the seat, bringing the rear wheels closer to the front wheels, which offers significant space savings.

Equipped with a folding cane holder and easy adjustment of the handles by indexing.
