

Positpro Premium patient Rotation Aid

- Premium - 829144
(On restock - Available from 23/04/2025)

- Standard - 829107

- **2 Different Models**
- **Allows for easy patient turning**
- **Avoids friction on the skin**

Our cushion allows a caregiver to rotate the patient very easily and, above all, to limit the risk of friction and various aches. It allows to accompany the legs with a simple movement of the pelvis. French manufacture.

Removable cover in ultra-resistant PositPro Steritex fabric, made of breathable, waterproof and disinfectable polyurethane.

Grey color.

Dimensions: Length: 53 x depth 43 x height. 12,5 cm.

The Premium model has a Velcro strap to immobilise the person in a lateral position: the strap is secured to a bed rail at the desired length.
