

Activating gel

- 803209
(On restock - Available from 05/05/2025)

For the effective stimulation of sensitive skin prone to redness and pressure sores. Thanks to the guarana extract, the gel improves the blood circulation and gives a revitalising and refreshing effect. It moisturises the skin, soothes and reduces muscle tension. Natural ingredients with antibacterial properties ensure the protective function of the gel.

Active ingredients: guarana (14), camphor, caffeine, flax bio-complex (1), bisabolol (15), allantoin (9).
200ml tube.

Date d'impression : 19/04/2025
