

## Activating gel

For the effective stimulation of sensitive skin prone to redness and pressure sores. Thanks to the guarana extract, the gel improves the blood circulation and gives a revitalising and refreshing effect. It moisturises the skin, soothes and reduces muscle tension. Natural ingredients with antibacterial properties ensure the protective function of the gel.

Active ingredients: guarana (14), camphor, caffeine, flax bio-complex (1), bisabolol (15), allantoin (9).  
200ml tube.
