

Slide Deluxe stockings threader

- **A sock threader that finally works!**
- **Put on your support stockings without bending over!**

This device helps you to put on your support stockings and put on your socks effortlessly and without bending over. It is made up of a rigid core with a slippery side on top to make the heel slide more easily and a non-slip cotton buckle side to hold the stocking or sock in place. The 2 cotton straps have buckles to do the operation without bending over.

Dimensions: 23 x 20 cm.

Colour may vary.
