

Multi-magnification glasses

- 819230

- **Modern and discreet design**
- **Glasses that give you real reading comfort**

This innovative model works like progressive glasses and offers optimal vision at short, medium and long distances! With its smooth transition from top to bottom, these glasses allow a more flexible vision zone than traditional versions - from +0.25 to +3.0 dioptres in the lower zone. Matte black colour, light and modern. Comes with a black storage case. Polycarbonate frame and CR-39 lenses. Weight 37g.
