

ERGOREST ARTICULATED ARM SUPPORT

- 89 x 130 mm - Ergorest support + mouse mat - 833081.M1

- 89 x 200 mm - Ergorest support + mouse mat - 833081.L1

The Ergorest arm support allows you to maintain a proper work or activity position. It allows you to rest your forearm and follow your movements without friction. It consists of a clamp that fits on your existing table or desk and a 3-level joint that allows you to move without changing your posture.

You can choose between 2 lengths of articulated arm: 89 or 125 mm (more or less range of motion) and 2 lengths of support: 130 and 200 mm (more or less support for comfort).

The model with mouse pad allows you to keep your wrist in a straight position while using a computer.

Suitable for a table thickness of 15 to 43 mm.

Aluminium frame and leather support.
