- **Perfect for sensitive skin**
- **Anatomical protection, just like conventional panties**
- **Optimum security against all types of leakage**

Soffisof Air Dry panties with adhesive are anatomically shaped absorbent aids made from pure cellulose fibre, super-absorbent polymers and a waterproof outer layer to ensure maximum security against all types of leaks. Convenient repositionable fastening stickers make this protection similar to a classic panty. The new design has been conceived to guarantee maximum comfort. The gradually disappearing wetness indicator easily suggests when it's time to change. The outer layer helps reduce the appearance of redness and irritation, guaranteeing maximum safety and softness for even the most delicate skin.

Made in Italy.

Characteristics of each model :
